Anushka Sharma

UI/UX Designer

sanushkaa4@gmail.com
Sarnia, ON
(647) 465 8122

I'm a passionate UI/UX Designer with a strong desire to transition into product design. Designing brings a smile to my face and I take pride in delivering high quality products to my clients. I am eager to work collaboratively with product teams to create exceptional user experiences on mobile and web platforms, utilizing problem-solving skills, design thinking, and human-centered design approaches.

EXPERIENCE

UI/UX Designer
Core Software Integrated
Sept 2021 - Jul 2023, Kathmandu, Nepal

- Collaborated seamlessly with cross-functional teams, including developers and product managers, to gain a deep understanding of project requirements and objectives, ensuring that design efforts were aligned with overarching project goals.
- Planned and executed user research strategies to identify customer needs and challenges, ensuring a customer-centric approach to product development.
- Crafted wireframes, mockups, and interactive prototypes as essential tools for effective communication and collaboration within the team, translating design ideas into tangible representations using Figma.
- Conducted user research and usability testing to gather valuable insights and feedback, enabling data-driven design decisions and ensuring that the final product met user preferences and needs.
- Maintained a cutting-edge approach to design by staying up-to-date with the latest trends and best practices, ensuring that our clients' products remained competitive and innovative in the market.
- Worked closely with clients, meticulously aligning design preferences and brand guidelines with their vision and objectives, resulting in a cohesive and tailored final product.
- Leveraged front end development basics to collaborate effectively with development teams, ensuring the seamless implementation of designs into functional and user-friendly applications.

UX Intern
Leapfrog Technology
Jun 2021 - Aug 2021, Kathmandu, Nepal

- Practiced design thinking framework and produced a short case study on a mock project.
- Practiced Leapfrog's Discovery and Design process through a mock project.
- Prepared a discovery document for stakeholders from primary research via interviews and surveys from users and stakeholders, secondary research via competitor & comparative analysis, and SWOT analysis. Synthesized data via user persona, and empathy map and analyzed user pain points.
- Presented a capstone project with all the deliverables such as user flows, information architecture, paper wireframe, lo-fi wireframe and hi-fi designs

UI/UX, Frontend Developer (Freelance)
Habitat Nepal
Dec 2020 - Mar 2021, Kathmandu, Nepal

- Redesigned the entire website for Habitat Nepal.
- Created resuable codes using React.
- Proposed and implemented coherent user experiences.

Frontend Developer Intern
ibriz.ai
Nov 2020 - Jan 2021, Kathmandu, Nepal

- Designed interfaces for video games.
- Web development using React.js and CSS.
